Education

Chandigarh University

June 2022 – July 2026

Bachelor of Engineering in Computer Science, Chandigarh, India

Schooling

TAGORE PUB. SR. SEC. SCH. UDAWAS - Jhunjhunu

Projects

Automation Cross-Browser Parallel Testing

- . Automated cross-browser parallel testing using Selenium for a live project.
- . Conducted compatibility testing across multiple browsers and platforms.
- . Optimized test execution by implementing parallel testing, reducing test runtime.
- . Identified and resolved browser-specific issues, ensuring a seamless user experience.

Secondhand bookstore – MERN Stack Student Community Platform

Developed a full-stack web application enabling users to buy and sell secondhand books online. Implemented secure user authentication (JWT) with role-based access for admin and customers. Integrated a dynamic React frontend with responsive UI components, a searchable book dashboard, and shopping cart functionality. Designed RESTful APIs using Express.js and managed data with MongoDB for scalable and efficient storage. Enabled admin to manage listings and monitor customer activities.
